

the Artists

of Wishview Center

Maximum Group Size: 17 children at once Teacher-Child Ratio: 1 teacher per 10 children

This class is well named considering the love this age group has for originality. Artists often love to speak their mind and stand their ground. They are interested in **experimenting and creating** with other children. During center time they enjoy putting things together, taking things apart, comparing, talking, drawing, writing, mixing things up and getting messy!

The approximate age
of children in this class

3 and 4
year-olds

Children in this classroom work on identifying and printing their own name. They also learn about all 26 letters and a wide variety of number activities. Concepts such as sequencing and patterning are practiced.
