

# the Pilots

*of Wishview Center*

*Maximum Group Size: 16 children at once*

*Teacher-Child Ratio: 1 teacher per 9 children*

Two and three year-olds start their morning with warm greetings and happy hugs. The Pilots are always eager to see their friends and find about each day's activities. Social skills are growing fast at this age while children learn to manage their emotions, share, take turns and fully participate in group circle time.

Approximate ages of children in this class

2 & 3 year olds

In this classroom, you will notice lots of singing, dancing, pretending, making things with small building toys, painting, play dough, and a fascination with nature. Gaining independence with putting on coats and using the restroom, as well as learning about shapes, colors, counting, opposites and letters really takes off in this classroom. Some children will begin to draw recognizable faces and the joy of loving books grows strong.
